Commodore's Message

Committee News

If you didn't make the Changes in Latitudes concert on June 4th, you miss a great Summer Kick-off. It was a great bug-free evening (thanks to Deane Olmstead) under the stars. The recent storms were kind to PVYC. We had tree debris blow into our pool that Bud and crew cleaned up rather quickly, and a light pole knocked down that the electric company took care of before the Saturday pool opening.

As our season gets underway, please be sure to take a black marker and put your name on your boat and trailer; just behind the hitch on the trailer and on the transom of the boat is preferred. FYI to the owners of three kayaks on the cable that have been there all winter - they look really bad. Please be on the lookout for the white club row boat named "Andréa Dory"; it has been missing for about a week.

At this time there is one mooring available. I will put a yellow ribbon on it for weekend use only (Friday night, Sat., Sat night and Sunday) until it is sold.

Please check www.ourpvy.com; new info is always being added. Looking forward to a great summer,

Thank you, Dave Grant, Commodore

Maps of the Connecticut River Available

Karl Meyer spent a lot of time at the PVYC a few summers ago creating a wonderful map of our section of the Connecticut River from Enfield, CT to Holyoke, MA. A limited number of these full-color maps that show this section of the river in great detail, including wonderful historical information, are available for purchase for \$6. These maps are great for boaters who are unfamiliar with the river. If you would like to purchase a map, please email Mary Breeding at marybreedingster@gmail.com or catch her by the pool at the club.
